FRISCO POLICE CONTINUE TO INVESTIGATE DHAWAN DEATHS

FRISCO, TX – The Frisco Police Department continues to investigate the deaths of Sumeet and Pallavi Dhawan.

The Frisco Police Department has received the Autopsy Reports from the Collin County Medical Examiner's Office completed by Dr. William Rohr. The reports revealed the following:

- The cause of death for Sumeet Dhawan was "blunt force head injuries combined with diphenhydramine and salicylate toxicity" and the manner of death is Homicide.
- The cause of death for Pallavi Dhawan was "combined diphenhydramine toxicity and drowning" and the manner of death is Suicide.

These results are only a portion of the overall police investigation which is still on-going.

As previously released, the investigation also revealed that a note was recovered at the scene. The note is currently in possession of the Texas Department of Public Safety for analysis. Details of the note are not being released at this time pending the results of the analysis and examination.

Copies of the Autopsy Reports can be obtained by contacting the Collin County ME's Office.

The extended Dhawan family continues to ask for privacy regarding this matter.
